There is something special about young adult romance books. I love both romance and YA in general, but when it comes to first loves, everything is so new and exciting and pregnant with possibility. Just like adolescence. Some of my favourite books are young adult romance books (holla at me, Simon Spier!). Butterflies, secrets, stolen glances, stolen kisses…You can find it all in a good YA romance. Here are 50 amazing young adult romance books you should be adding to your TBR immediately! You can read books of the Young Adult genre on literary website Booknet in electronic format, on your smartphone or tablet. Such books differ from others because of their drive, energy, and exciting storylines. Therefore, popular Young Adult novels on Booknet are read not only by the young people but also by the older generation: the books’ straightforward style, simplicity, intrigue, and originality attract everyone. In Book 1, a mysterious letter, delivered by the friendly giant Hagrid, wrenches Harry from his dreary, Muggle-ridden existence: We are pleased to inform you that you have been accepted at Hogwarts School of Witchcraft and Wizardry. Of course, Uncle Vernon yells most unpleasantly, I AM NOT PAYING FOR SOME CRACKPOT OLD FOOL TO TEACH HIM MAGIC TRICKS! Children will enjoy the magic and the Hogwarts mystique, and young adult readers will find a rich and compelling coming-of-age story as well.
One of the biggest young adult fiction debut book deals of the year.

Children will enjoy the magic and the Hogwarts mystique, and young adult readers will find a rich and compelling coming-of-age story as well. Young adult fiction (YA) is a category of fiction written for readers from 12 to 18 years of age. While the genre is targeted to adolescents, approximately half of YA readers are adults. The subject matter and genres of YA correlate with the age and experience of the protagonist. The genres available in YA are expansive and include most of those found in adult fiction. Common themes related to YA include friendship, first love, relationships, and identity. Stories that focus on the specific challenges of adolescence are popular. Young Adult novels on Booknet are read not only by the young people but also by the older generation: the books' straightforward style, simplicity, intrigue, and originality attract everyone. Young Adult genre: new releases and popular books, including House of Hollow by Krystal Sutherland, Witches Steeped in Gold by Ciannon Smart, She Drives ... Young-adult fiction, whether in the form of novels or short stories, has distinct attributes that distinguish it from the other age categories of fiction. The vast majority of YA stories portray an adolescent as the protagonist, rather than an adult or a child.
