Essentials of Interviewing

By Donald E. Wiger, Debra K. Huntley

John Wiley and Sons Ltd, United States, 2002. Paperback. Book Condition: New. 213 x 140 mm. Language: English. Brand New Book ***** Print on Demand *****. Conduct effective diagnostic interviews and enhance client relationship skills. A thorough diagnostic interview is the foundation for informed and comprehensive clinical diagnosis and treatment planning. In addition to basic interviewing techniques, professionals must also possess skills in designing interviews to satisfy the requirements of the accrediting agencies and third-party payers who audit their clients charts. Now, there is one source that offers expert instruction in both—Essentials of Interviewing. As part of the Essentials of Mental Health Practice series, this book provides the information mental health professionals need to practice knowledgeably, efficiently, and ethically in today's behavioral health environment. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as Test Yourself questions that help you gauge and reinforce your grasp of the information covered. Essentials of Interviewing is filled with practical information about everything from establishing rapport and taking a complete history to identifying risk factors and ruling in/ruling out specific disorders. The needs of special populations such as children, people with disabilities, and clients...

Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding; once you begin to read the book.

Interviewing Essentials. Practice and preparation are critical to your success in an interview setting. Before Research the Company. When interviewing for a job, it is imperative to be knowledgeable about the company, as well as about the industry in which the company operates. This could mean: Fully exploring the company's website, a few clicks won't cut it. Interviewing techniques can be either structured or unstructured. The main purpose of structured interviewing is to pinpoint job skills that are essential to the position. The interviewer asks a specific set of questions of all applicants for the particular position. This straightforward approach makes it easier for the interviewer to evaluate and compare applicants fairly. The fast, simple & easy essentials to impress the interviewer, land your dream role & get the right salary! Interviews can be nerve-wracking - we get it! Maybe it's your first job out of college. Maybe you haven't been to an interview for a while. Maybe you've been getting knocked back in recent interviews. Essentials of Interviewing is filled with practical information about everything from establishing rapport and taking a complete history to identifying risk factors and ruling in/ruling out specific disorders. The needs of special populations such as children, people with disabilities, and clients from diverse backgrounds are covered, as well as suicide assessment, biopsychosocial assessment, and the Mental Status Exam.
