Poverty Reduction Strategy Papers (PRSP) are prepared by the member countries through a participatory process involving domestic stakeholders as well as external development partners, including the World Bank and International Monetary Fund. Updated every three years with annual progress reports, PRSPs describe the country's macroeconomic, structural and social policies and programs over a three year or longer horizon to promote broad-based growth and reduce poverty, as well as associated external financing needs and major sources of financing.  

**6.2 Interim poverty reduction strategy paper (I-PRSP)**

Second, donor portfolios in Bangladesh are analyzed to examine the proportion of development assistance activities affected by climate risks. A desk analysis of donor strategies and project documents as well as national plans is conducted to assess the degree of attention to climate change concerns in development planning and assistance. It is difficult to determine Bangladesh’s potential to adapt to climate change, but several key statistics give some insight as to the state of its infrastructure and social and human capital. Poverty Reduction Strategy Papers (PRSP) provides a framework for domestic policies and programmes to reduce poverty in low-income countries, as well as for development assistance to these countries. The strategies are prepared by the countries themselves, defining their own priorities. It is also seen as Bangladesh's commitment to achieve Millennium Development Goals (MDGs) and South Asian Development Goals (SDGs) and other international agreements relevant to economic and social development.
