Free controlled digital library access by the print-disabled and public. Open Library is a project of the Internet Archive, a 501(c)(3) non-profit. Donate Book. We don't have this book yet. The Last Human Spring is a ground-breaking work on nature and humanity. This book deepens the spirit of Silent Spring, and of Walden--into human conservation and healing. It reveals the stunning breakthrough into Nurturome. It breaks open, then completes our view of evolution; it reveals the Second Missing Link. It redefines and redirects the Environmental Movement--the nature-human debate. It dispels the issue of nature vs. culture, and other key myths of 'civilization', Modernism, and Postmodernism. It reveals the Origin and Emergence of Alien Being--Alienism. It presents the Revelation of Selflifeworld. It reveals the Origins of Egoself that comes to displace whole self and whole mind. Over one hundred-fifty subheadings mark more surprises on the journey!
