Outgunned, outnumbered and outmatched, the World Army led by Mister Miracle and Big Barda begin their invasion of Apokolips! Can they overcome the odds? Will they make it out?

Last week in World's End, we saw what looked like Barbara Grayson's end, but as we've seen this week in Earth 2 #29, she survives her ordeal with the asteroid and makes her way to trains leaving Chicago with Dick and their son Johnny. Speaking of Johnny's, Constantine made his way down into the World Army Arkham Facility and formed his own team with the residents of it's cryo tubes. We got Brainwave, Obsidian and Jonni Thunder, who's a woman this time around. That's going on. Let's dive into this issue and see what stories Earth 2: World's End has for us this week.
